### Testimonial: A Transformative Experience at URSC ISRO Bengaluru

During this industrial visit to URSC ISRO, Bengaluru, we were provided with a comprehensive insight into the intricate processes involved in satellite construction and other space technologies. We had the privilege of attending presentations and exhibitions conducted by the ISRO team, where we had the opportunity to observe models of renowned satellites such as Chandrayaan-2, Aditya-L1, Rohini and many more. Additionally, our tour included visits to various labs where satellites and rovers are assembled, providing us with firsthand exposure to the innovative work being done. We also witnessed live satellite tracking demonstrations, enhancing our understanding of real-time applications. Beyond the technical aspect, we explored the cultural richness of Bengaluru, visiting landmarks like Mysuru Palace, Lalbagh Garden, and ISKCON Temple. Overall, the industrial visit proved to be immensely informative and engaging, leaving us with valuable insights into space technology and a memorable experience of Bengaluru's heritage.
