Assessment Procedure

Robotics-Advanced Course 2023-24

Roboclub organizes robotics courses (Basic Course).The assessment is done by Trainers by giving instruction to prepare robotics model and transversal results they expect, define which dimensions need to be developed, and then observe them. After this, an effective assessment model is prepared by students and finally evaluated by trainers. Assessment includes oral and demonstration of Model which is made by students. Some of model already prepared for 2023- 24.

1. Fire Fighting Robot.
2. Autonomous Sumo Bot.
