Dear Prof. D L Mule Sir,

Greetings from Imarticus Learning!

A critical learning experience for students while pursuing the undergraduate course is industry exposure. Many state universities have realized the benefit of this and have mandated it as a criteria for successful graduation from the undergraduate course.

Over time we've realized that many students don't find the right opportunities that complement their classroom learning experience and internalize critical concepts. In our effort to aid these students, we're launching a Certification Program with the key focus of providing a simulated industry environment for the learners. We've identified 3 key areas that are highly sought after:

- **Data Science**
- **Full Stack Development**
- **Cyber Security**

In each of these domains, we engage the learners for a period of 6 weeks through 3 problem statements with increasing complexity. We've made conscious efforts to make this experience similar to that of freshers working in a corporate setting.

The experience includes:

- **Bootcamps:** Bite-sized mini-workshops to enable students to quickly learn key concepts to solve problem statements assigned to them during the program.
- **Mentoring:** A pool of industry experts who'd mentor and nurture the students during the program similar to what a manager/team lead does in a corporate setting.
- **Capstone Project:** Students get an opportunity to distill their learnings into a capstone project to showcase their individuality similar to new initiatives driven by employees at their workplace.
- **Masterclasses & more:** Sessions by industry practitioners on the latest trends in the industry, new-age job opportunities, and more to help students gain awareness of emerging trends.

We are excited to partner with your esteemed institution to provide this offering and enable your students to become employable.

We would like to explain more about this offering, do advise a slot when we could present a formal proposal to you on the same.

Dear Prof. D L Mule Sir,

Thank you for showing interest in the **Summer Internship Program** for your Engineering Students.
As we talked about, I have attached a revised proposal with the **schedule & commercials of this program**.

Please let me know when we can discuss the same.

Kaipana Fellowship Program

2 messages

Mehak Sood <mehak@skyroot.in>

To: "Dattatraya Mule" <dattatraya.mule@gmail.com>

It is with great pride and enthusiasm that we share news of the recent launch of the Kaipana Fellowship by Skyroot Aerospace. The fellowship, announced publicly on February 20, 2024, has garnered significant attention from both the press and our social media followers. Sharing few links below for your reference:

1. The Financial Express: <https://www.financialexpress.com/life/breaking-barriers-introducing-the-kaipana-fellowship-for-women-in-space-3399876/>

2. India Today: <https://www.indiatoday.in/science/story/skyroot-aerospace-launches-kaipana-fellowship-for-women-interested-in-space-tech-2504670-2024-02-20>

The Kaipana Fellowship is India's inaugural space fellowship, meticulously crafted by Skyroot to inspire, inform and empower the next generation of women engineers in the space sector. This exclusive fellowship, inspired by the late Kaipana Chawla, aims to provide a platform for talented and passionate women, enabling them to forge successful careers in the space industry and positioning them at the forefront of space innovation. The fellowship is designed to assist women in transitioning into a career immediately after completing their studies, potentially leading to full-time employment with Skyroot, India's premier space technology company.

To be eligible, women students need to be in final-year B.Tech/ M.Tech/ PhD specializing in Aerospace, Aeronautical, Mechanical, Electronics, Chemical or Electrical Engineering, as well as women who have completed their studies within the past two years without any professional experience. Notably, the selection is based on academic qualifications and a three-stage merit-based competitive evaluation which includes online test, case study/ problem statement and technical interview.

Selected fellows will have the unique opportunity to contribute to exciting space missions and cutting-edge technology projects within our vibrant team. Additionally, they will receive a monthly stipend for a duration of one year and have the chance to learn from and network with leaders and experts in the space industry.

The monthly stipend will be determined based on the candidate's qualification, as follows:

B.Tech final year students – INR 30,000

M.Tech final year students – INR 35,000

B.Tech completed – INR 50,000

M.Tech completed – INR 55,000

PhD completed – INR 80,000

We are keen to create widespread awareness among the educational campuses of India and seek your support in reaching out to eligible students, both within your institution and your personal network. We request to

display the Kalpana Program Poster on the notice board of your institution for a wider reach. We would also be keen to give a face to face or online talk to aspiring women of your institution. Our team will get in touch with you for coordinating the event in your institution.

Enclosed, you will find presentation materials and tools to aid in disseminating this information.

Please find attached:

1. Presentation deck in PDF format
2. Kalpana Fellowship video (accessible via the Google Drive link)
3. Mobile-friendly PDF digest for sharing through WhatsApp
4. Kalpana Fellowship Poster in A3 printable size

For further details, candidates are encouraged to visit our dedicated website: www.kalpanafellowship.com. Applications can be submitted through the provided application form on the website, which can also be accessed through Skyroot's official website: www.skyroot.in.

We appreciate your continuous support throughout our association, and look forward to the same in promoting the Kalpana Fellowship, contributing to the creation of Kalpana Fellows who will play a pivotal role in transforming the space sector for the benefit of humanity and our collective future.

Thank you for your unwavering support.

Dear Sir/Madam,

Greetings from Talent Battle!

We are pleased to announce that Talent Battle Private Limited under its **CSR activity** is conducting a **"Free Machine Learning Workshop"** for 1st Year, 2nd Year and 3rd Year Students of your Institute.

This initiative is designed to enhance the technical skills and prepare them for successful careers in the technology sector. students graduating in 2025, 2026 and 2027.

Key Details:

- **Workshop name:** Certified Machine Learning Workshop: from Data to Decisions
- **Date:** Starts on May 23rd, 2024
- **Mode of Training:** Online (Live sessions with access to recordings post-workshop)
- **Eligibility:** Students graduating in 2025, 2026 and 2027
- **Registration Fee:** Free of charge (Rs.0/-)
- **Registration link:** <https://bit.ly/freemlworkshop>

Student Display

LIVE Machine Learning Workshop

- Free Initiative for 2025, 2026, 2027 Batch Graduation Students
- The workshop is Free of Cost
- 20+ Hours of LIVE Training + Recordings
- Hands-On Project
- Course Completion Certificate

‘Leading Education Technology Company’

Job description For “Business Development Trainee/Associate”

About Us-

Intellipaate is the leading global online professional training provider and create courses in collaboration with top MNCs and universities such as IIT Madras, IIT Roorkee, IIT Guwahati, IBM, Microsoft, etc., with more than 1 Million learners and 200+ corporates across 55+ countries learning on our platform. We are offering some of the most updated, industry-designed certification training programs which includes courses in Big Data, Data Science, Artificial Intelligence and 150 other top trending technologies.

We help professionals make the right career decisions, choose the trainers with over a decade of industry experience, provide extensive hands-on projects, rigorously evaluate learner progress and offer industry-recognized certifications. We also assist corporate clients to upskill their workforce and keep them in sync with the changing technology and digital landscape.

Responsibilities Include:

- Calling the leads provided in the CRM and understanding their requirements of career up-skilling and pitch the right course as per their needs.
- Consistently achieve revenue targets in line with team/organizational objectives.
- Proactively identifying cross-selling/up-selling opportunities with existing customers.
- Identifying references through the existing customer base to increase the sales pipeline.
- Should be maintaining all customer interactions in the CRM.
- Should have decent exposure working with any CRM like Salesforce, Zoho, etc.
- Managing all pre-sales to post-sales support activities for the assigned leads.
- Follow up on leads and conduct research to identify potential prospects.
- Consistently achieve revenue targets in line with team/ organizational objectives.
- To understand customer requirements in the geography assigned and future product portfolio improvement based on past customer feedback.

Principal
Pune District Education Association's
College of Engineering, Manjari (Bk.),
Datta - 411007

Bamnikar delivered the welcome address of guest of seminar **Prof.Santosh Ekdant** at 10.30am in the presence of staff members. She emphasized the need to design this seminar and motivates the students to achieve the objective. The main aim of this seminar was to enlighten the students about “Strategies for successful bootstrapping in entrepreneurships”. Prof.Santosh Ekdant started session at 10.45am. There were many students present from college. The speaker of event has delivered theoretical knowledge about the entrepreneurship. Sir has also shared live projects on entrepreneurship. He also spoke on understanding perspective of entrepreneurships, process of entrepreneurships, entrepreneurships apporchnities.

In the end Dr.M.P.Borawake gave the vote of Thanks. She thanked Prof.Santosh Ekdant for sparing his time from his busy schedule and sharing his insightful and informative knowledge about entrepreneurships to the attendees present. She also thanked the coordinator of event for organizing such an event and making it a successful one.

ACTIVITY REPORT
"URSC-ISRO BENGALURU EDUCATIONAL VISIT"

Title of Activity	Industrial Visit of students of PDEA's College of Engineering, Manjari Bk., Pune at U.R.Rao Satellite Centre ISRO, Bengaluru
Venue	U.R. Rao Satellite Centre ISRO, Bengaluru
Date	10th March to 13th March 2024
Participant	Students from TE & BE Computer Department
Visit Coordinator	Prof. N. V. Gawali Prof. S. V. Shinde Prof. S. G. Jadhav
Purpose,	The visit aimed to gain insight into space technology and research conducted at URSC ISRO .

Schedule:

Date	Time	Place To Visit
10/03/2024	12:30 am	Pune Railway Station
10/03/2024	5:00 pm	On Arrival to Bengaluru
	6:30 pm	Check Into the Hotel for getting Fresh and Dinner at the Hotel later,
11/03/2024	9:30 am	Breakfast / Lunch
11/03/2024	12:15 pm	Industrial Visit To ISRO (Reach To the Centre prior to the given time which is 2:00 pm)
	5:00 pm	ISKCON Temple ,and more local sightseeing and visit.
	8:30-9:00 pm	Dinner at hotel.
12/03/2024	7:30 am	Breakfast and Checkout
	10:30 am – 4:30 pm	Mysore Palace, Saint Philomina Church and other local sighting.
	7:00 pm	Back To Bengaluru Railway Station
	8:00 pm	Start Journey back to Pune
13/03/2024	4:00 pm	Pune Railway Station

Sub: Permission to visit U. R. Rao Satellite Centre - BGL

We are in receipt of your email letter dated Jan 15, 2024 requesting permission to visit URSATC, Acharya. You are permitted to visit on the following date and time.

11-03-2024	02:00 PM to 03:00 PM
------------	----------------------

Please provide details of your team members and faculty members along with an authorization letter from Head of the department restricted to 60 members per batch only subject to the following conditions.

Your team must report to URSATC Reception Counter of Centre 15 minutes in advance in order to complete the administrative formalities for issuing entry passes.

1. You are requested to strictly adhere to the time schedule mentioned above.
2. In case of any exigencies, we may cancel the above visit without any intimation.
3. Carrying camera and taking photography inside this Centre is strictly prohibited.
4. Mobile phones and electronic gadgets are not allowed to be taken inside.
5. The visitors should declare items to be carried if any and seek permission while entering this Centre to the security personnel for checking.
6. No foreign nationals are allowed.
7. No family members will be allowed inside this centre.
8. After the visit Acknowledgement letter will not be issued from the Organization.
9. Faculty accompanying students should carry School/College/Government ID cards.

Please note, all Students/Faculty shall strictly follow Covid Appropriate Behavior inside URSATC Premises, including Wearing of Face Mask. Entry is not permitted without mask.

Please note that our office is located at Old HAL Airport Road, Bangalore 560 017 next to National Aerospace Laboratories (NAL). You can contact our Reception on 080-25000000 for assistance.

The professor accompanying the Students may kindly contact the Reception Counter of URSATC Centre to complete the administrative formalities and for issues of Entry pass in time. Kindly acknowledge the receipt of this letter.

Testimonial: A Transformative Experience at URSC ISRO Bengaluru

During this industrial visit to URSC ISRO, Bengaluru, we were provided with a comprehensive insight into the intricate processes involved in satellite construction and other space technologies. We had the privilege of attending presentations and exhibitions conducted by the ISRO team, where we had the opportunity to observe models of renowned satellites such as Chandrayaan-2, Aditya-L1, Rohini and many more. Additionally, our tour included visits to various labs where satellites and rovers are assembled, providing us with firsthand exposure to the innovative work being done. We also witnessed live satellite tracking demonstrations, enhancing our understanding of real-time applications. Beyond the technical aspect, we explored the cultural richness of Bengaluru, visiting landmarks like Mysuru Palace, Lalbagh Garden, and ISKCON Temple. Overall, the industrial visit proved to be immensely informative and engaging, leaving us with valuable insights into space technology and a memorable experience of Bengaluru's heritage.

Report on

"Design of your own processor"

Date: 19th May 2023

Resource Person :

To,
Prof. Gaikwad Vidya Shrimant
Assistant Professor
Vishwakarma Institute of Information Technology,
Pune

One day Workshop on Research on 'Design of your own processor' was organized by Department of Computer Engineering on 19th May 2023. Dr.M.P.Borawake delivered the welcome address of guest of lecture Prof. Vidya Gaikwad at 10.00 am in the presence of staff members. She emphasized the need to design this workshop and motivates the students to achieve the objective. The main aim of this workshop was to enlighten the students about Design of your own processor by Prof. Vidya Gaikwad.

Mam started session at 10.30am. There were 83 students present from college. The speaker of event has delivered theoretical as well as practical knowledge about the Microprocessor and its application. Mam has also shared live projects on Microprocessor.

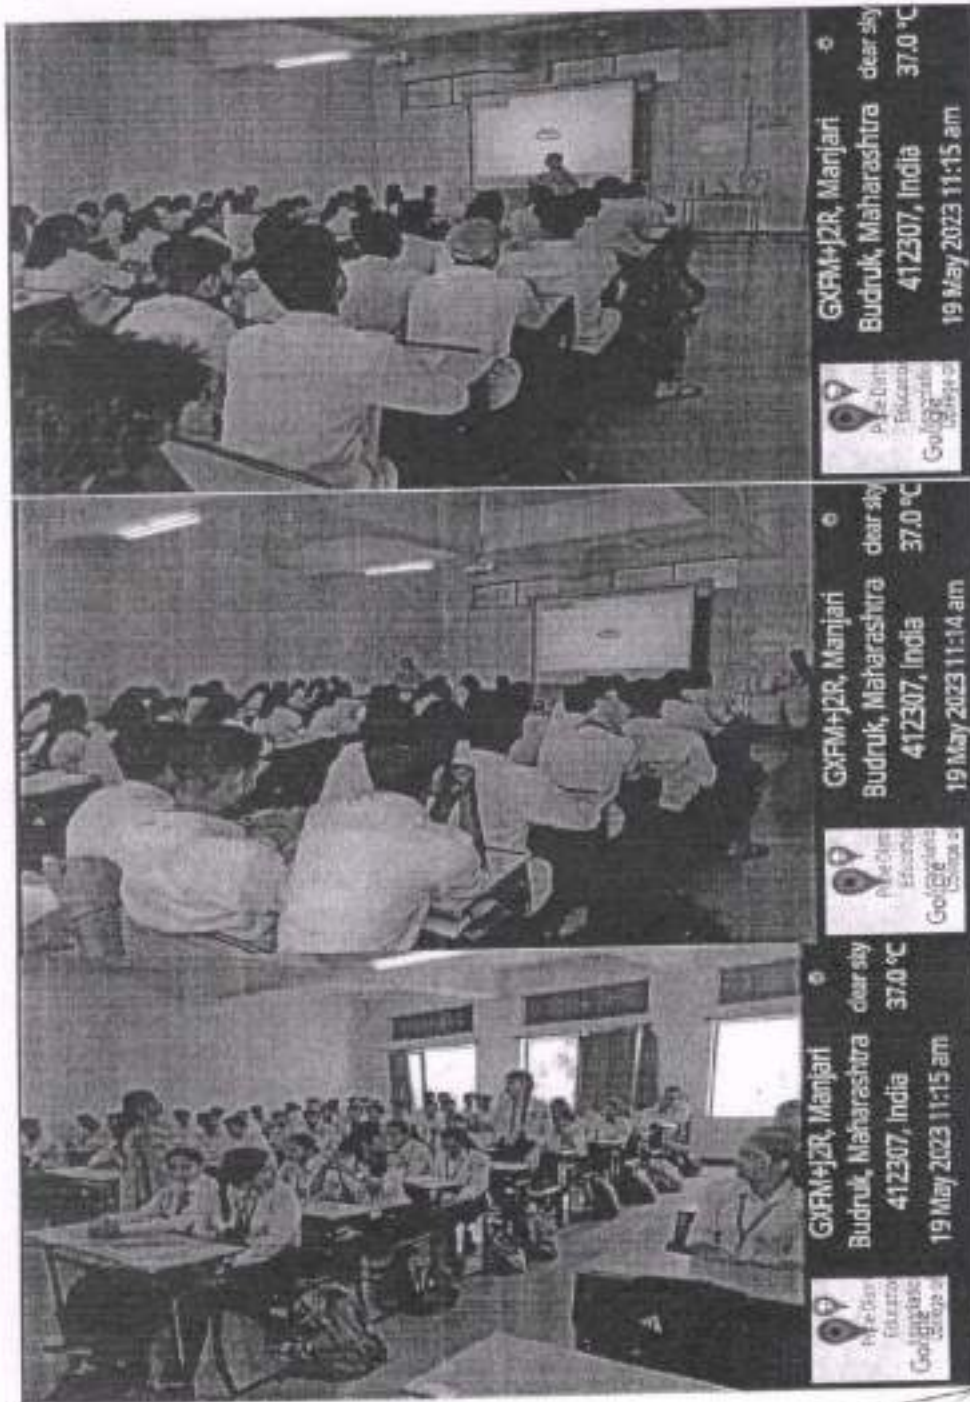

She also discusses 'Design of your own processor' there are a few general steps that can be followed to make the process flow more logically. These few steps further divided into smaller tasks that can be tackled more easily the general steps are 1) Determine capabilities the new processor should have, 2) Layout the data path to handle the necessary capabilities, 3) Define the machine code instruction format (ISA), 4) Construct the necessary logic to control the data path. We will discussed all above steps. In the end, Prof. A.P. Deshmukh gave the vote of Thanks. She thanked Prof. Vidya Gaikwad mam for sparing her time from

Sub:- Regarding conduction of one day workshop
on 'Design of your own processor'

Respected Sir,

With reference to above subject we want to
conduct one day workshop on 'Design of your
own processor' for S.E. computer student. This
workshop will benefit for student during
their academics.

So, kindly give permission for this workshop.
Total cost will be 3000/- only.

For smooth conduction of academic
we are looking for positive response.

Thanking you,

Kindly requested to allow
for same as above

ACTIVITY REPORT

Title of Activity	Visit to 3rd International Conference on Sustainability in Global Sugar Industry by students and faculties, Department of Information technology PDEA's College of Engineering, Manjri(Bk)
Venue	Vasantdada Sugar Institute (VSI) Manjari campus, Pune
Date	January 12, 2024

Description of the activity:

Students and faculty from PDEA's College of Engineering and Information Technology (CEIT) participated in the 3rd International Conference and Exhibition on "Sustainability: Challenges & Opportunities in Global Sugar Industry," held at Vasantdada Sugar Institute (VSI) Manjari campus, Pune. This report summarizes the key insights gained from the conference and exhibition.

Highlights:

- **Theme:** The conference's focus on sustainability in the sugar industry was timely and relevant, addressing critical challenges like resource management, environmental impact, and social responsibility.
- In conjunction with the conference, a concurrent "**Exposition of the Products and Services of Sugar Industry**" is also being organized in which we will see participation of leading national and international exhibitors showcasing their latest innovations, products and services. It is an opportunity to meet and interact with more than 200 service providers from the sugarcane and allied industry including small and medium enterprises.

Principal

Pune District Education Association's
College of Engineering, Manjari (Bk.),
Pune - 412307.

- **Speakers and Participants:** Eminent international and national speakers from diverse backgrounds across academia, industry, and government exchanged insights, fostering a vibrant atmosphere of knowledge sharing. Renowned sugar experts, researchers, scientists, and technology providers engaged in thought-provoking discussions.
- **Sessions and Topics:** The conference covered a wide range of topics, including sugarcane breeding and agronomy for improving yield and resilience, efficient water and energy management, waste reduction and resource recovery, biofuel production, and advancements in sugar processing technologies. Specific sessions like "Precision Agriculture in Sugarcane Farming" and "Emerging Trends in Sugarcane Bio refineries" were particularly informative.
- **Exhibition:** The accompanying exhibition showcased cutting-edge technologies and innovations from leading companies in the sugar industry. Students and faculty gained valuable exposure to advanced machinery, automation systems, and sustainable practices being implemented worldwide.
- **Live Crop Demonstrations:** VSI's live crop demonstrations of different sugarcane varieties, irrigation methods, and intercropping techniques offered practical understanding of sustainable agricultural practices. This hands-on learning experience was highly beneficial for CEIT students.

Key Takeaways:

- The global sugar industry faces significant challenges in achieving sustainability, but new technologies and innovative approaches offer promising solutions.
- Collaboration between stakeholders across academia, industry, and government is crucial for accelerating the transition towards a sustainable sugar industry.
- Investing in research and development of advanced technologies is essential for improving resource efficiency, minimizing environmental impact, and ensuring long-term profitability.
- Continuous learning and knowledge sharing are vital for students and professionals in the sugar industry to stay updated on the latest advancements and contribute to sustainable development goals.

Conclusion:

The 3rd International Conference and Exhibition on Sustainability in the Global Sugar Industry provided an invaluable opportunity for students and faculty to gain insights into the current challenges and promising solutions for achieving a sustainable sugar industry.

Pune - 412307.

Workshop Overview:

This one-day workshop focused on introducing students to the world of Raspberry Pi and its programming capabilities. The sessions covered the following key points:

Understanding Raspberry Pi: Introduction to the Raspberry Pi hardware platform and exploring different Raspberry Pi models and their functionalities.

Operating System Installation: Hands-on experience on installing an operating system (OS) onto an SD card for Raspberry Pi.

Importance of Raspberry Pi: Discussing the significance of Raspberry Pi in various applications. Understanding its affordability and ease of use for hobbyists and makers.

Project Implementations with Raspberry Pi:

- Learning how to utilize Raspberry Pi for small-scale projects
- Building basic Internet of Things (IoT) devices

Programming for Raspberry Pi: Introduction to programming languages suitable for Raspberry Pi (potentially Python).

Hands-on session on programming Raspberry Pi to control:

- LED blinking
- Buzzer
- Controlling an LED using a smartphone (potential IoT application)

Workshop Highlights:

The workshop provided a practical learning experience by combining theoretical knowledge with hands-on activities. Students gained valuable skills in installing an OS on Raspberry Pi and basic programming for controlling hardware components. The session on building an IoT device using Raspberry Pi introduced students to the exciting possibilities of this technology.

Benefits for Students:

Develop Programming Skills: Gain practical experience with programming fundamentals through hands-on exercises.

Understand Processor Architecture: Enhance understanding of basic processor architecture concepts relevant to Raspberry Pi.

Enhance Lab Skills: Improve practical skills using Raspberry Pi hardware and software in a lab environment.

Explore Project Implementations: Gain exposure to various project ideas and applications using Raspberry Pi.

Conclusion:

This workshop successfully equipped second-year IT students with foundational knowledge of Raspberry Pi and its programming capabilities. The combination of theoretical understanding and hands-on activities fostered a valuable learning experience for the participants.

Feedback analysis: Taken the attendance and feedback offline and online in both mode. The overall feedback from students is found good, informative and useful.

GUEST LECTURE ON "Enhancing Career Opportunites with AIML & Web Development"

ACTIVITY REPORT

Title of Activity	One day PDEA's College of Engineering sponsored "Enhancing Career Opportunites with ALML & Web Development" by Department of Information technology PDEA's College of Engineering, Manjri(Bk.) in association with ITSA.
Venue	Offline IT seminar Hall
Date & Time	26 th feb 2024, Offline mode from 10.00 am to 1.30 pm
Resource Person's	Mr.Santosh Patil, Mr.Nitin Thokare

Objective:

- To secure a challenging position in a reputable organization to expand learnings.
- Encouraging Communication and Building Skills
- Secure responsible career opportunity to fully utilize training and skills.
- Making a significant contribution to the success.

Schedule:

Time	Particulars
10.00 am to 10.10 am	Welcome and Introduction Of Mr.Santosh Patil and Mr.Nitin Thokare By Students Representative miss Damini Rajput of IT department .
10.10 am to 11.20 am	Session on Web Development
11.30 am to 1.00 pm	Session on AIML
1.00 pm to 1.20 pm	Question & answer session
1.30 pm	Vote of thanks

Description of the activity:

The workshop began on a formal Introduction

Followed by introduction of Team Members form Students Representative of Department of Information Technology

Mr.Nitin Thokare Start the inspiring seminar by focusing on future opportunities and motivating the students, In area of Machine Learning and Data Science.

Again Mr.Santosh Patil give there valuable minutes with inspiring seminar on future opportunities on WEB Technology

The Activity was followed by an Enjoyable motivation speech.

Feedback was obtained from the participants/delegates.

Principal
Pune District Education Association's
College of Engineering, Manjari (Bk.),
Pune - 412307.

Outcome of the activity:

- Knowledge
- Career contentment.
- The process of career planning helps the individual to be aware of Web Development Profile Portfolios
- Web Development interesting sides
- Full Stack Developer information
- Back End ,Front End With full Web Development Process
- Latest Web Technology.
- Machine Learning and Data Science Basics and its correlation
-

Activity experience:

- a. Outcome wise description of observations/explanations:
Students and faculty appreciated the initiative and participated actively
- b. The concept/principles/procedures/Productivity learnt as the result of activity:
The students were able to make self-awareness about owns career in Web Development with New and latest Web Technology as well as Data Science and Artificial Intelligence
- c. Able to understand and make proper decision without any hesitation.

Summary & conclusion:

Faculties and students participated actively in the Seminar and gained an insight into the various Difficulties faces while choosing their career In Web Development And How the Web Development process And What latest Technology needed And There Guidance.and how the AIML Area is developing and its different domain aspects,Application area
The students were able to make self-awareness n gain An Insights .in latest Web Technology in Web Developmnet

Assessment of the activity outcomes:

The overall activity has been well received by the faculty and students. The students actively participated in learning.

Feedback analysis: Taken the attendance and feedback in offline mode by Question And Answer Session The overall feedback from students is found good, informative and useful.

Invitation Letter

Respected Sir,

We are pleased to invite you as a **Guest speaker** for **One day Seminar on “Enhancing Career Opportunitites with ALML & Web Development”**, Your extensive n Expert knowledge in ‘AIML and DATA SCIENCE’ aligns perfectly with our Workshop making your insights invaluable to our Students. We would be honored to have you join us for this event. Please let us know your availability and feel free to contact me directly for any further information or discussion.

Please accept our Invitation.

Thanks,

Prof.S.S. Divekar

Letter of Appreciation

Respected Sir,

We hereby refer to lecture organized by Information Technology department of PDEA's College of Engineering, Manjari, Pune-07. We would like to place on record our sincere appreciation for taking time from your busy schedule to be the guest speaker at our seminar "**Enhancing Career Opportunitites with ALML**" on dated **26th Feb 2024**. Your presence and wise words helped magnify our cause in the best possible way. All thanks to your enlightening words that inspired so many people out there.

Please accept our sincere thanks & appreciation.

Yours sincerely,

Prof. S. S.Divekar

GUEST LECTURE ON "LOGIC DESIGN AND COMPUTER ORGANIZATION"
ACTIVITY REPORT

Title of Activity	PDEA's College of Engineering sponsored Guest lecture on "Logic Design and Computer Organization" Organized by Department of Information technology PDEA's College of Engineering, Manjari(Bk.) in association with ITSA.
Venue	ONLINE
Date & Time	07th Nov 2023, Online from 2 PM to 4:00PM
Resource Person	Prof. Samleti Sandeep Dwarkanath

Schedule:

Time	Particulars
2:00PM to 2:15 PM	Session Login and Introduction.
2:15PM to 3.45 PM	Lecture on Various topics of Computer Organization
3:45PM to 4:00PM	Question & answer session
	Vote of thanks

Topics Covered: Multiprocessor systems: Taxonomy of Parallel Processor Architectures, two types of MIMD clusters & SMP (organization & benefits) & multicore processor (various Alternatives & advantages Of multicores), typical features of multicore intel core i7.

Description of the activity:

A guest lecture on the subject **"Logic Design and Computer Organization"** was organized by Department of Information technology PDEA's College of Engineering, Manjari(Bk.) in association with ITSA. on November 7, 2023. The guest speaker was **Prof. Samleti Sandeep Dwarkanath**, a renowned expert in the field of Logic design and computer organization.

Prof. Samleti began his lecture by introducing the basic concepts of multiprocessor systems, such as Flynn's taxonomy, shared-memory and distributed-memory architectures, and performance metrics for multiprocessor systems. He then went on to discuss the different types of multiprocessor systems, including clusters, symmetric multiprocessing (SMP) systems, and multi-core processors.

Session Photographs

[Handwritten signature]

For each type of multiprocessor system, Prof. Samleti discussed the architecture, performance characteristics, and applications. He also highlighted the challenges and opportunities in designing and implementing efficient multiprocessor systems.

Throughout his lecture, Prof. Samleti emphasized the importance of understanding the principles of multiprocessor systems in order to be able to design and optimize efficient and scalable computer systems. He also discussed the various trends and developments in the field of multiprocessor systems, such as the rise of parallel and distributed computing, and the need for energy-efficient computing systems.

The lecture was well-attended by students and faculty members of the department. Prof. Samleti answered all the questions raised by the audience in a clear and comprehensive manner.

The overall feedback from the participants was very positive. The students appreciated the opportunity to learn from an expert in the field of multiprocessor systems. The faculty members also found the lecture to be informative and thought-provoking.

Conclusion:

The guest lecture on multiprocessor systems was a success. It provided the students and faculty members with an opportunity to learn about the latest trends and developments in the field. The lecture also helped to create awareness of the various challenges and opportunities in the field of multiprocessor systems.

Feedback analysis: Taken the attendance and feedback offline and online in both mode . The overall feedback from students is found good, informative and useful.

Invitation Letter

Respected Sir,

We are pleased to invite you as a **Guest** for **One day online mode Webinar on 'Logic Design and Computer Organization'** at P.D.E.A.'S College of Engineering Manjari. Your profound knowledge in the field of Engineering and your motivational approach will help participants to understand challenges in professional & technological environment.

Please accept our Invitation.

Thanks,

Dr. D.S Hirolikar

Letter of Appreciation

Dear Sir,

On behalf of the Information Technology department of PDEA's College of Engineering, Manjari, Pune, we would like to express our sincere gratitude for Webinar on 'Logic Design and Computer Organization' dated on 7th Nov 2023.

We are truly grateful for your willingness to share your knowledge and expertise with our students. We appreciated your willingness to answer their questions and to share your personal insights and experiences. The Webinar has inspired many of our students. We hope that you will be able to join us again for future events.

Please accept our sincere thanks & appreciation.

Yours sincerely,

Dr. D.S. Hirolkar
